

**COLORADO RESCUE**

**ELLIE**

Ellie, a 3-year-old spayed female, was relinquished to OES Rescue of Colorado due to a family breakup, certainly no fault of her own. A real sweetie, who loves car rides, is housebroken and seems to have no bad habits, Ellie is a steady young girl. Ellie now resides with her new Denver owner, preferring to stay at their side day after day.

**LAMBKIN**

Lambkin was also picked up as a stray and not claimed during the fires in Colorado. She is 3-plus years old and spayed. She now lives in Westminster, CO.

**SATCHMO**

Satchmo, a 4-year-old neutered male, was placed in Rescue because he was having seizures and his owners could not commit to his medical needs. OES Rescue of Colorado got his meds under control, removed his anal glands, and

he is now living seizure free.

**DORA**

Dora was released to OES Rescue of Colorado after her family's 3rd child was born, and her parents realized their 3 boys were too rambunctious for Dora's preference for calmness and predictability. She now resides in Colorado Springs with an retired couple.

**BO PEEP**

BoPeep, a 6-year-old spayed female, was picked up as a stray during the Colorado fires, and was never claimed. She now lives in Denver, CO.

**LACIE**

Lacie is a 3-year-old spayed female who was turned into the OES Rescue of Colorado because her owners were going through a hard time in their lives and could not care for her. She now resides in Longmont, Colorado.

**BONNIE**

Bonnie, a 6-year-old female, was recently turned in from a Sheepadoodle breeder. She was in really bad shape physically and had endured minimal human interaction. Bonnie now resides in a Colorado mountain home where she is responding favorably to a whole lot of love!

**MOLLY**

Molly, a 1-year-old female, was turned into OES Rescue of Colorado because her owners could no longer care for her. She now lives in Parker, CO.

**SOUTHWEST RESCUE**

**PRECIOUS**

This 3 yo OES girl was turned in to Cochise County and was due to be PTS on the 5th day. The Animal Control Officer called me and arranged to drive her 3 hours one way to me so I could save her. She needed to be brought current on all her vaccinations, had a spay scar, and tested negative for Heartworm, Ehrlichia and Valley Fever. Precious was groomed, tick dipped and was adopted to an approved home and is their total love Sheepie.

**ARTHUR**

Arthur is a hefty 10 yr. old who was relinquished because his owner was moving out of state and could not take him. He had some health issues to correct before he was placed with 2 former rescue fellows who lost one of their two OES to cancer recently. The two "seniors" hit it off and now are enjoying walking on the lakefront together.

**TEXAS RESCUE**

**ELLIE MAE**

Ellie Mae came to us as a surrender by the parents of her owner. Ellie's mom had left her in the care of her parents. Out of concern for Ellie, the parents felt that it would be best to place her with a family where she could be number 1. Ellie now resides in the Dallas area with her forever daddy.

**CALLIE**

Callie is a two year old sweetie that was rescued by an OESCA member. They spayed and vetted her. The family asked if they could get her healthy before turning her over to the rescue. She is the first rescue that we believe is affected with CA. Once Callie was fat and healthy they surrendered her over to us. She was waiting to be adopted, and during that time Callie captured her families hearts. She now lives with her new forever family and two show sheepie brothers in the San Antonio, TX area. What a lucky girl.

**MARIBEL**

This sweet girl started life out as the loved and pampered pet. After her parents divorced, Maribel, her other canine friend and the cats lives took a turn for the worse. Animal control officers watched the situation for almost a year. Maribel and the others lived in the garage of their vacant home. They spent their days in the dark, urine and feces littered garage. The owner would come once daily and throw them food and water. Finally before being seized, the owners surrendered the two dogs. The shelter cleaned and shaved Maribel and realized she needed much vet care as her body had been scratch raw from a flea infestation. She is now undergoing treatment for the skin infection. This sweet girl is with her foster family, (although, they did say she was a keeper), receiving the love she deserves.

**SOPHIE**

Sophie is our sweet 9 year old girl. She was originally found living in the woods. After 8 years of living in the Houston area her mom felt that she could no longer care for her since she was traveling between home in Texas and Florida. We are currently treating Sophie for acute skin problems and hope to have her ready for adoption soon.

**BEAU**

Beau is just a rowdy youngster that was found in El Paso. He was transported to the DFW area and within 45 mins of arriving he was off to his new forever home in the Dallas area. What a lucky dog.

**JAXX**

Jaxx is a lovely youngster that we got out of a high kill shelter in Ft. Hood Texas. His owner did not understand the characteristics of herding dog and felt that he needed to go. Once we got him out of the pound, we realized what a great animal this little guy is. He is currently residing in the North Texas Area with his failed foster parents. They fell in love with him and just couldn't let him go.

**BANDIT**

Bandit was an owner surrender. His owners of 6 years grew afraid that he would bite their 3 year old grandchild that would torment the dog. So, they gave Bandit up. He is currently with his foster dad in the Houston area. Bandit needs a family with a firm but gentle hand.

**MERLIN**

Merlin is a special boy that was an owner surrender. He developed glaucoma and his owners felt that they could no longer accommodate him. He had access to a dog door and had fallen into the pool on several occasions, so again they couldn't accommodate his needs. We brought Merlin to the foster home and within 45 minutes, he said, "This boy is a keeper". Merlin is 9 years old and resides happily in the North Texas area.

**SHERMAN**

Sherman was turned in after he was rescued from a high kill shelter in Friendswood, Texas. Although just one year old, he exhibited resource guarding behavioral issues, so his family decided that they could not control him and it would be best to surrender him to our rescue. He has been living with his foster who has corrected his undesirable issues. He is currently waiting to find his new forever family.

**JONAH**

TXOESR was notified about Jonah by another rescue. The other rescue brought him to a dog training facility in our area and we put Jonah on our web site. We are pleased that Jonah has been surrendered to us and is now health and ready for adoption. We are being very selective as to where Jonah will be placed.

**SOUTHERN CALIFORNIA RESCUE**

**COCO**

8 year old Coco wanted to be the center of attention and her owners were gone all the time. A new haircut and she fit right in with her new family and their OES Rescue Albert.

**LIZZIE**

3 year old Lizzie was very frightened when she arrived in rescue. She slowly regained her confidence and there was no stopping her. She loves her new owner and plays with the grandkids.

**WINSTON**

Divorce caused 6 year old Winston to come into rescue. This hyper boy needed a strong influence to keep him in line. His new owner says that Winston does push

but is learning that he will never win and starts formal obedience in two weeks.

11 year old "Little Guy" was aptly named. This small boy is in great health and bounded into a new home right away. His new family decided to keep his name and he loves to ride in the car with them.

**LITTLE GUY**

**BEAR**

Bear needed a new home when his owners were moving. This happy guy has fit right in with his new family who loves his sweet temperament.

20 month old Bentley grew up with a littermate and all went well until recently when they started to fight. Bentley now plays for hours with his Lab sister and likes to go for walks.

**SIR BENTLEY**

**MIJA**

8 year old Mija lost her home due to her owners losing their jobs. She just loves hanging out with her new 'Dad' and being a couch potato.

**MRS WIGGLES**

This 7 year old girl was turned into the shelter when her owners moved. Her new owner and his rescue OES boy George just love her and decided Mrs. Wiggles was a better name for her.

**BIANCA**

7 year old Bianca was not good with the new baby so she ended up in rescue. She just loves hanging with her new family with two smaller dogs and a cat.

**KENZIE**

It was touch and go for 7 year old Kenzie due to heartworms but she pulled through her treatments. This New Mexico girl is very happy in her new home who has had lots of OES experience.

**THEODORE**

18 month old Theodore got "too big" for the owners who turned him into the shelter.

After learning some commands, everyone loves his obedient and carefree attitude.

**CAROLINAS RESCUE**

**CHANCE**

Chance (we were told) was an owner surrender to animal control, was picked up by all breed rescue, adopted out and then returned to the shelter by the adopter. We are assuming he had a rough few months. In foster care he is a big teddy bear, who as a sheepie can be, a little stubborn! He will be leaving in the next couple weeks to travel to his furever family that is anxiously waiting!

**BREE**

Bree was an owner surrender to a shelter after he lost his job. Bree was very lucky that the day an all breed rescue was in the building to take her. Sadly, older, owner turn ins with health issues sometimes don't get the chance to even go back to the kennels. As soon as we posted her picture her new Mommy knew she was just what she had been waiting for. Match made in heaven!!

**RISHI**

Rishi's name, which is Hindi for Saint or Wiseman, suits him perfectly. His calm and accepting demeanor is everything you could want in a sheepdog. We're happy to announce that Susan and Gary have adopted Rishi and are providing him a loving home.

**DELILAH**

Delilah is a wonderfully energetic and intelligent sheepie! Gina and Jim had recently lost their prior TOESR sheepdog, Molly to lymphoma. Delilah struck just the right chord and the rest is history. By all reports Delilah has made herself right at home with Jim, Gina and their lab, Marlin.

**TARHEEL RESCUE**

**ELLIE**

Dale and Marie braved torrential rains to make the trip to adopt their new sweet-heart. Ellie is loving her new life as the belle of the ball in her new home.

**ANNABELLE**

Hi! Annabelle here. I thought I'd introduce you to my new mom and dad. Their names are Greg and MJ and they loved me so much, even before they met me, that they drove 13 hours in the pouring rain and braved flood conditions to come pick me up. Pretty cool, huh? So now, I'm living the high life in Virginia, with two OES brothers, Dutch and Deacon, Mom, Dad and 4 two-legged kids to play fetch with me! Have I got it made or what?!! Thanks, TOESR, for helping find the perfect forever home!!

**DARBY**

Darby finds his new home with Harlan and Kyle. They immediately bonded with Darby and he is the perfect fit for their home.

**STARK**

Stark was turned over to the local shelter by his owner who no longer had time for this shy, very quiet 2 yr old. A very caring supervisor of this shelter felt so sorry for him because he was "scared to death" with all the noise in the shelter. The shelter manager had scheduled him to be euthanized the next day. After a thorough evaluation by a trainer it was felt that Stark had a lot of potential to be a family dog. He was turned over to rescue and was fostered in a quiet home for a month. He is now enjoying life in his new former OES home.

**ARNOLD**

Arnold is a 6 yr old neutered male that had to leave his family do to down sizing their home. He is a sweet, gentle boy who was especially well trained. His new family has a disabled owner. Arnold walks next to her wheelchair as they go on daily walks.

**NEW YORK RESCUE**

**DAISY**

Daisy was purchased from a pet store to be company for a old GSD. Unfortunately the older dog would not accept her. She was passed onto three different families before she found herself into rescue. She is an energetic girl who learned very quickly. She loves other dogs, cats and adores children. She was placed into a home with 2 school aged children and is loving life.

**MR DOBBS**

Mr Dobbs was a neglected, unsocialized young male retrieved from an animal shelter. His high energy was too much for his family to cope with. He was lucky enough to be placed in a training situation for several months. He received socialization and obedience training. Finally a family was found that was willing to continue is training. Mr Dobbs is loving life and continues to improve in his new structured environment.
